

# From the Executive Director

Greetings Stakeholders!!

I hope all of you had a happy holiday season!! Please contact me (cworkman@pathcrisis.org) if there is anything specific you would like to see me address in future quarterly letters. I have provided some general updates below that may be of interest to everyone.

- ▶ We are pleased to announce we are hiring five (5) permanent part-time staff. These staff will be initially trained as a Resource Database Curators and then as a 211 Call Center Community Navigator. This allows us to have staff matriculate between the two (2) functions as needed for both resource management and call center services. However, we hope to have the majority of their time spent in the call center during our peak hours of 9am-2pm.
- ▶ RADx-UP 211 Presentation - RADx-UP is the name given to more than 100 projects funded by the National Institutes of Health to address the COVID-19 pandemic and health equity in underserved populations. This 15 minute presentation presented to the NIH members, stakeholders, and politicians was about a study led by the Health Communication Research Laboratory of Washington University in St. Louis, entitled, "Partnering with 2-1-1 helplines to understand and increase COVID-19 testing and vaccination in underserved populations." The researcher argued for a large-scale, system-wide integration of 211 into the U.S. public health system to inform action and response to community health issues. It's worth a watch/listen.

# Updates Cont. From the Executive Director

- ▶ National 211 Day 2022 is February 11, 2022!!!
- ▶ Grocery Worker's Appreciation Fund: United Way Worldwide launched this program one year ago and provides a \$250 gift card to grocery workers who apply and meet eligibility requirements. Funds are limited and the application and [details are found here](#). To date, the program has provided more than 1,500 gift cards to workers.
- ▶ PATH Inc. 211 Changes Effective July 1, 2022 - PATH Inc. began as a mental health crisis line, so when we developed our 211 service model, it made complete sense to blend Information and Referral (I&R) services with crisis services. It has worked well for us over the past ten (10) years, however, times change and improvements are made to strengthen helping others. One of these improvements is the new federal 988 number. Illinois will be implementing the new 988 mental health/crisis line effective July 1, 2022. Therefore, PATH Inc. will separate our 211 and crisis call center model to just provide 211 services to our 211 stakeholders effective July 1<sup>st</sup>.

Best Regards,

Chris Workman  
Executive Director/CEO PATH Inc.

## PATH Success Stories (4<sup>th</sup> Quarter)

The following are real 211 callers and their stories. Certain details have been changed to preserve their anonymity.

He has been clean and sober for 1.5 years through the assistance of SMART Recovery, and he actually worked at a sober living home for others trying to get clean.

He explained that a lot of his thoughts were around why he has the urge to relapse or use substances again. He said he hadn't really had those urges for a long time, but they could be hiding and he might try some coping mechanisms.

We discussed the "kitchen sink" approach of trying all of them for this issue to see what sticks and he thanked me for being a sounding board to bounce his thoughts off of. He also said he would consider going back into counseling/therapy.

It was another holiday alone which she isn't used to and just wanted someone to talk to.

We talked for a while about her friends whom she's really close to but now lives further away and the people that live in her building who are driving her nuts.

On the bright side she has a beautiful new apartment in a great area with a great landlord. She's thinking about going to see a counselor once she gets settled and calling a cleaner or organizer to help her get everything unpacked and in order.

At the end of the call she felt better about the situation and we were able to laugh about things and life. I let her know she can call anytime and just talk if she needs to.
