

LIVING UNITED IN LOGAN COUNTY

For 2022, The United Way of Logan County continues to partner with 14 non-profit programs in our community. **Christian Child Care** is one of those programs.

Quality child care is essential to community parents. Local businesses are well supported by employees who can go to work knowing their children are not only well taken care of, but learning and growing. Their programs are accredited by the National Accreditation Commission.

United Way funds are used to offset the loss of income for children that are enrolled through foster care situations with the Department of Child and Family Services. In the event of a family's financial hardship, CCC has set up a United Way Scholarship for families in need. Liberty Canady, Director of Christian Child Care states, *"United Way funds help Christian Child Care serve all families no matter their situation. This allows all children to have access to quality care and rich learning environments."*

Your Support Matters! Because this community supports The United Way of Logan County, Illinois, children have opportunities to live healthy, busy lives. Seniors can remain active and in their own homes. Families can prosper and recover from tragedy. Together we are doing what no one person or organization can do alone.

Thank you for making a difference.
