

ALICE IN ADAMS COUNTY

2021 Point-in-Time Data

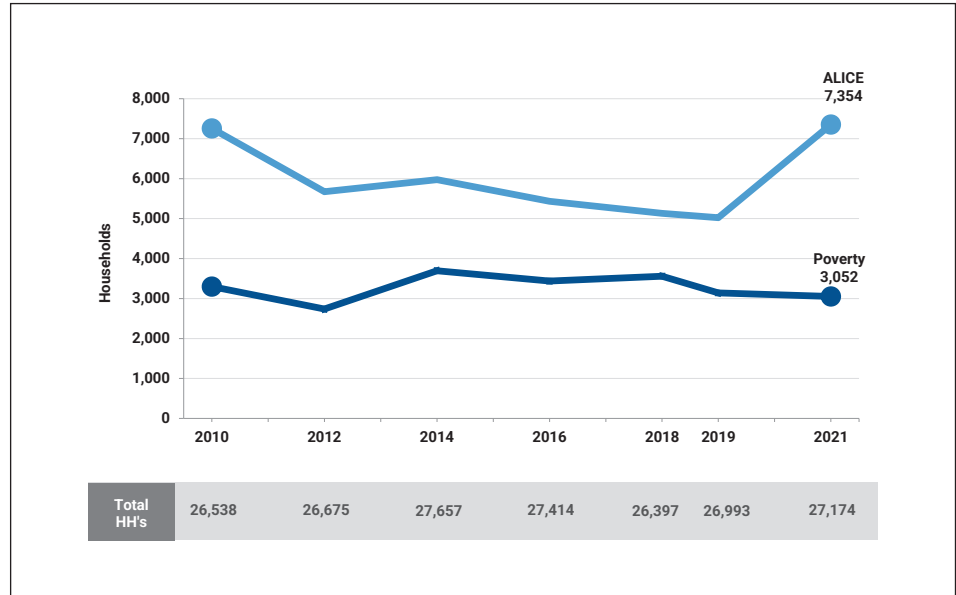

Population: 65,878 • **Number of Households:** 27,174 (1% change from 2019)
Median Household Income: \$58,587 (state average: \$72,205)
Labor Force Participation Rate: 65.5% (state average: 64.5%)
ALICE Households: 27% (state average: 24%) • **Households in Poverty:** 11% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 8,164 households in Adams County were below the ALICE Threshold; in 2021 this number changed to 10,406, (a 27% change).

Households by Income, Adams County, 2010–2021

Note: See an interactive version of this data at UnitedForALICE.org/Illinois.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Adams County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

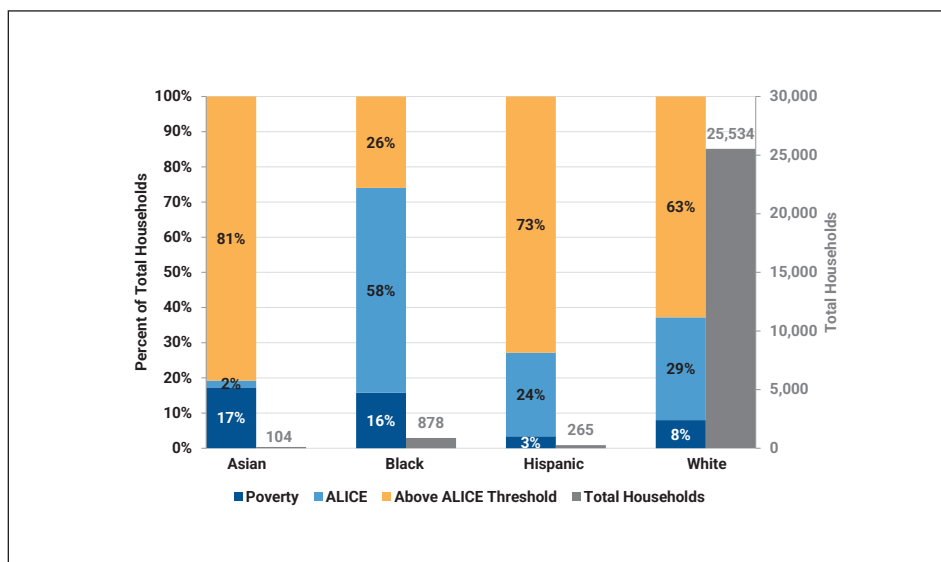

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Calhoun County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

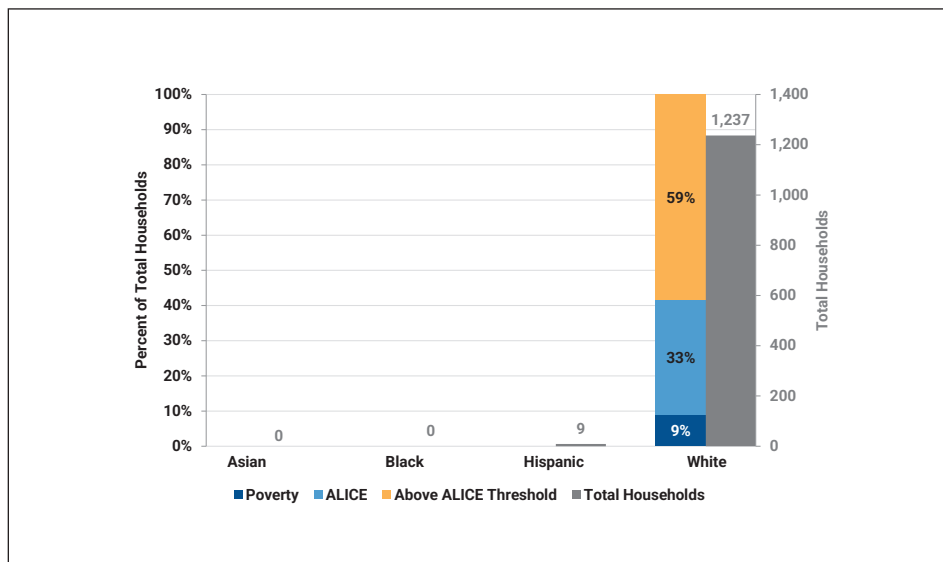

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

ALICE IN CARROLL COUNTY

2021 Point-in-Time Data

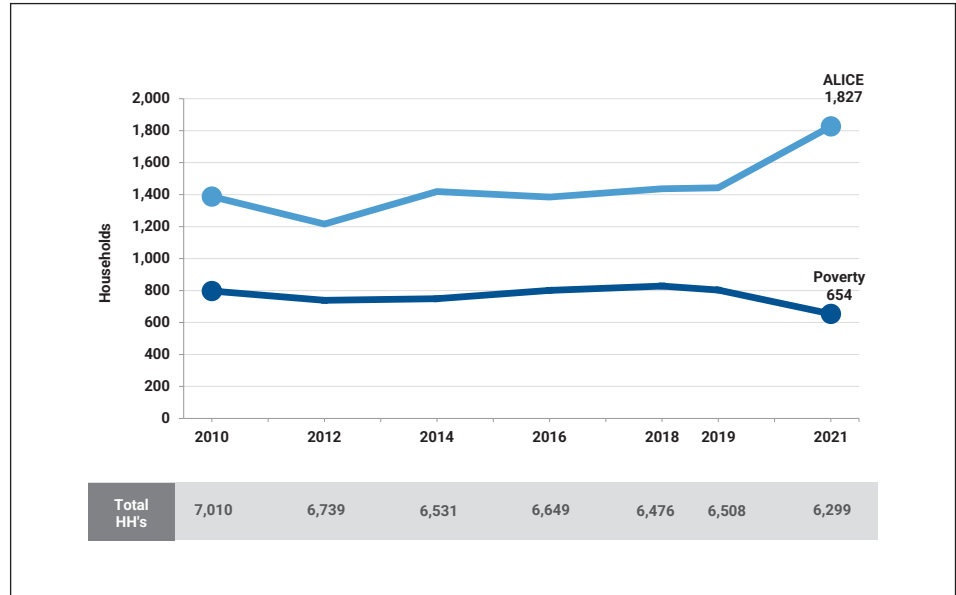

Population: 15,586 • **Number of Households:** 6,299 (-3% change from 2019)
Median Household Income: \$54,959 (state average: \$72,205)
Labor Force Participation Rate: 52.8% (state average: 64.5%)
ALICE Households: 29% (state average: 24%) • **Households in Poverty:** 10% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 2,246 households in Carroll County were below the ALICE Threshold; in 2021 this number changed to 2,481, (a 10% change).

Households by Income, Carroll County, 2010–2021

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Clay County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

To see costs for different household compositions in Clay County, visit UnitedForALICE.org/Household-Budgets/Illinois

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

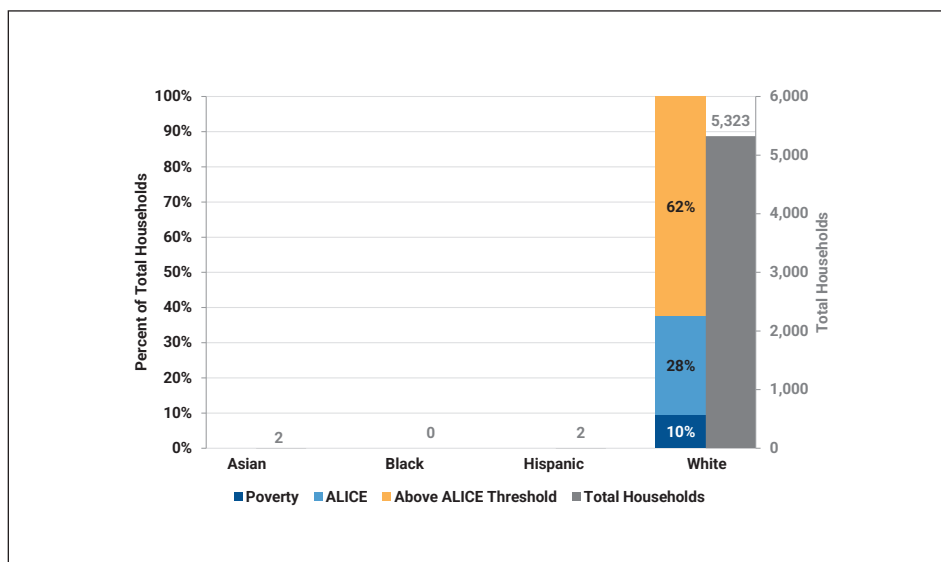

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

ALICE IN CLINTON COUNTY

2021 Point-in-Time Data

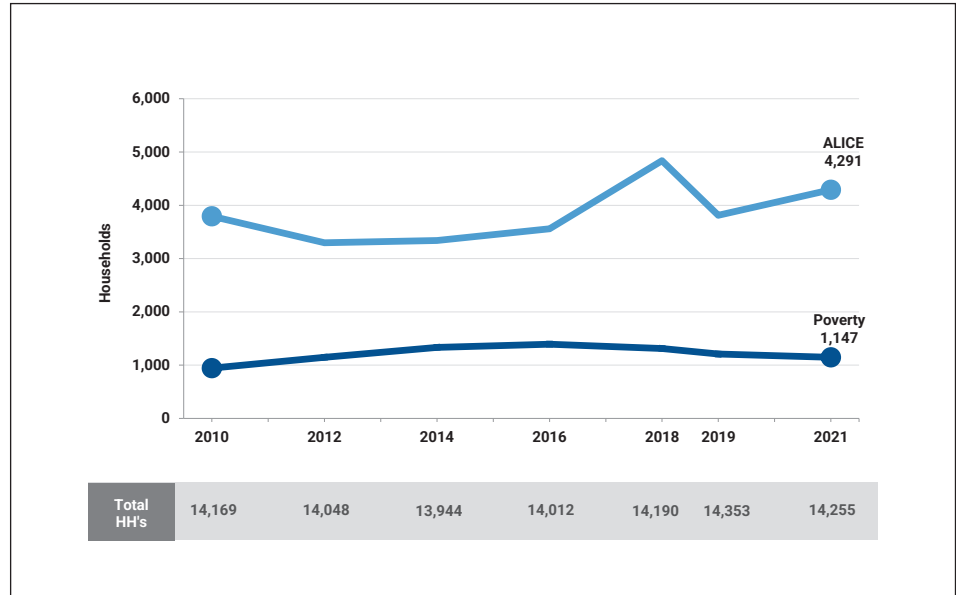

Population: 37,048 • **Number of Households:** 14,255 (-1% change from 2019)
Median Household Income: \$72,468 (state average: \$72,205)
Labor Force Participation Rate: 63.1% (state average: 64.5%)
ALICE Households: 30% (state average: 24%) • **Households in Poverty:** 8% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset Limited, **I**ncome Constrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 5,022 households in Clinton County were below the ALICE Threshold; in 2021 this number changed to 5,438, (a 8% change).

Households by Income, Clinton County, 2010–2021

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in DeKalb County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

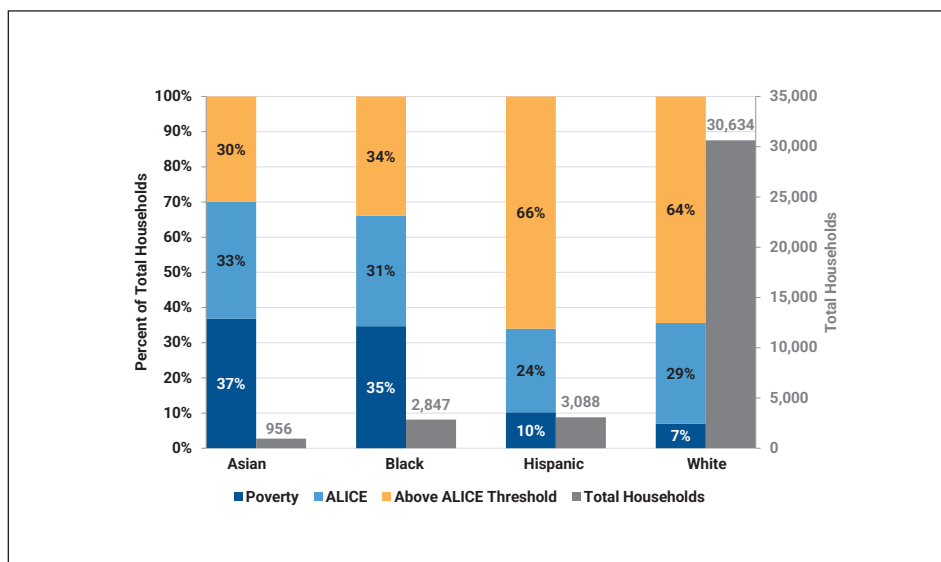

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

ALICE IN DE WITT COUNTY

2021 Point-in-Time Data

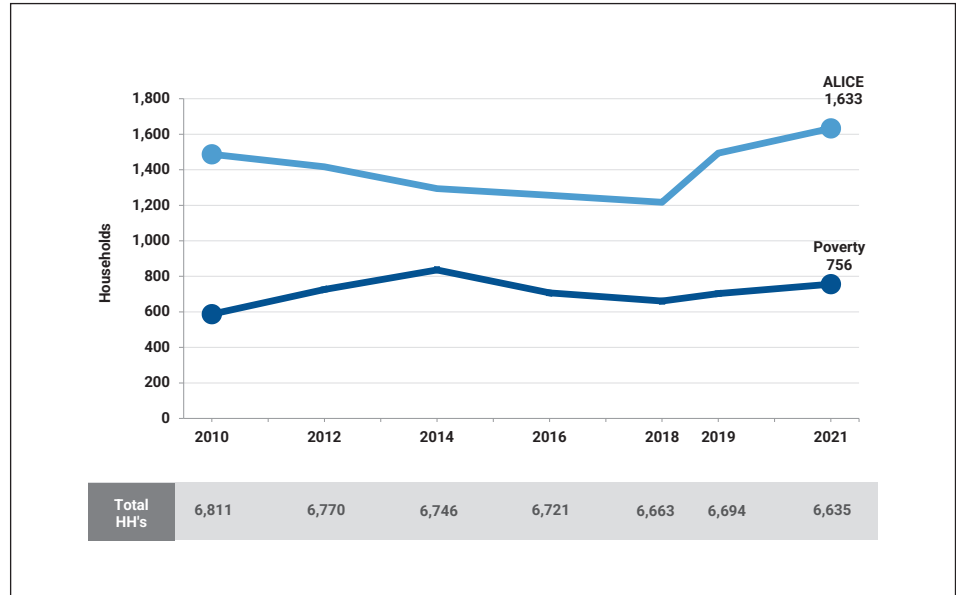

Population: 15,653 • **Number of Households:** 6,635 (-1% change from 2019)
Median Household Income: \$60,401 (state average: \$72,205)
Labor Force Participation Rate: 63.8% (state average: 64.5%)
ALICE Households: 25% (state average: 24%) • **Households in Poverty:** 11% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 2,197 households in De Witt County were below the ALICE Threshold; in 2021 this number changed to 2,389, (a 9% change).

Households by Income, De Witt County, 2010–2021

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

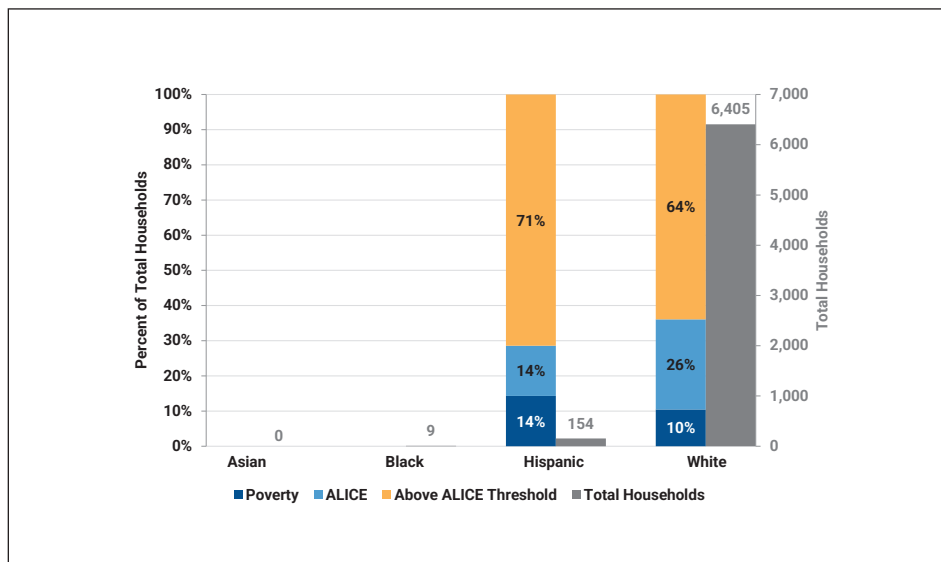

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

ALICE IN FAYETTE COUNTY

2021 Point-in-Time Data

Population: 21,514 • **Number of Households:** 7,609 (-2% change from 2019)

Median Household Income: \$47,744 (state average: \$72,205)

Labor Force Participation Rate: 51.1% (state average: 64.5%)

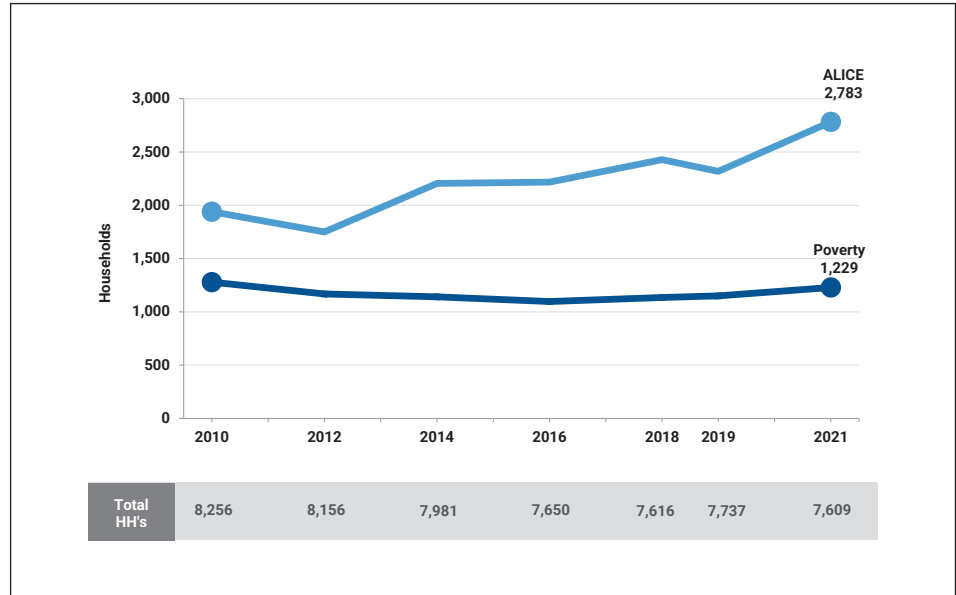

ALICE Households: 37% (state average: 24%) • **Households in Poverty:** 16% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 3,468 households in Fayette County were below the ALICE Threshold; in 2021 this number changed to 4,012, (a 16% change).

Households by Income, Fayette County, 2010–2021

Note: See an interactive version of this data at UnitedForALICE.org/Illinois.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Fayette County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

ALICE IN GRUNDY COUNTY

2021 Point-in-Time Data

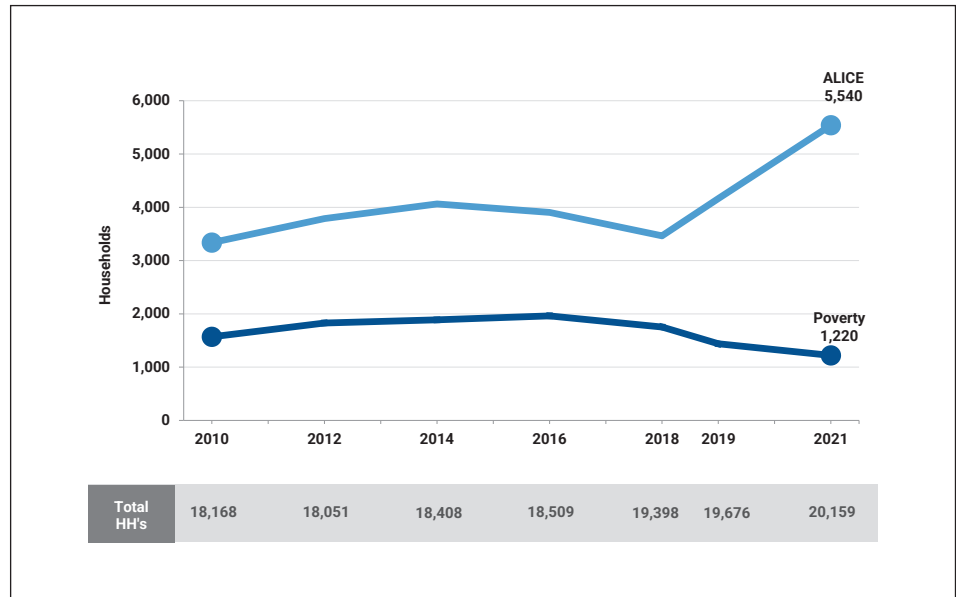

Population: 52,364 • **Number of Households:** 20,159 (2% change from 2019)
Median Household Income: \$81,764 (state average: \$72,205)
Labor Force Participation Rate: 67.3% (state average: 64.5%)
ALICE Households: 27% (state average: 24%) • **Households in Poverty:** 6% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 5,602 households in Grundy County were below the ALICE Threshold; in 2021 this number changed to 6,760, (a 21% change).

Households by Income, Grundy County, 2010–2021

Note: See an interactive version of this data at UnitedForALICE.org/Illinois.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Grundy County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

ALICE IN IROQUOIS COUNTY

2021 Point-in-Time Data

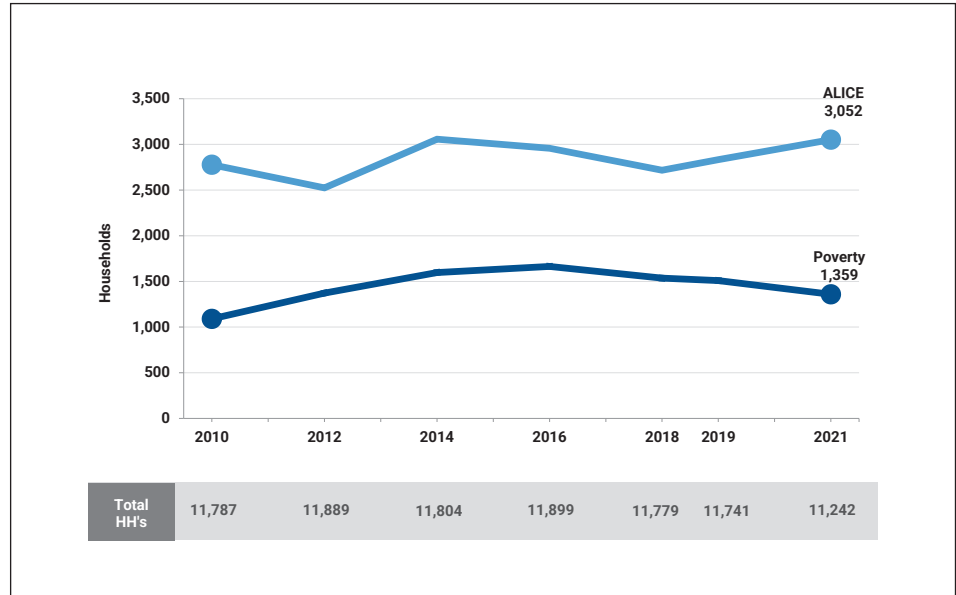

Population: 27,362 • **Number of Households:** 11,242 (-4% change from 2019)
Median Household Income: \$58,481 (state average: \$72,205)
Labor Force Participation Rate: 59.1% (state average: 64.5%)
ALICE Households: 27% (state average: 24%) • **Households in Poverty:** 12% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 4,342 households in Iroquois County were below the ALICE Threshold; in 2021 this number changed to 4,411, (a 2% change).

Households by Income, Iroquois County, 2010–2021

Note: See an interactive version of this data at UnitedForALICE.org/Illinois.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Iroquois County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

To see costs for different household compositions in Iroquois County, visit UnitedForALICE.org/Household-Budgets/Illinois

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

ALICE IN JOHNSON COUNTY

2021 Point-in-Time Data

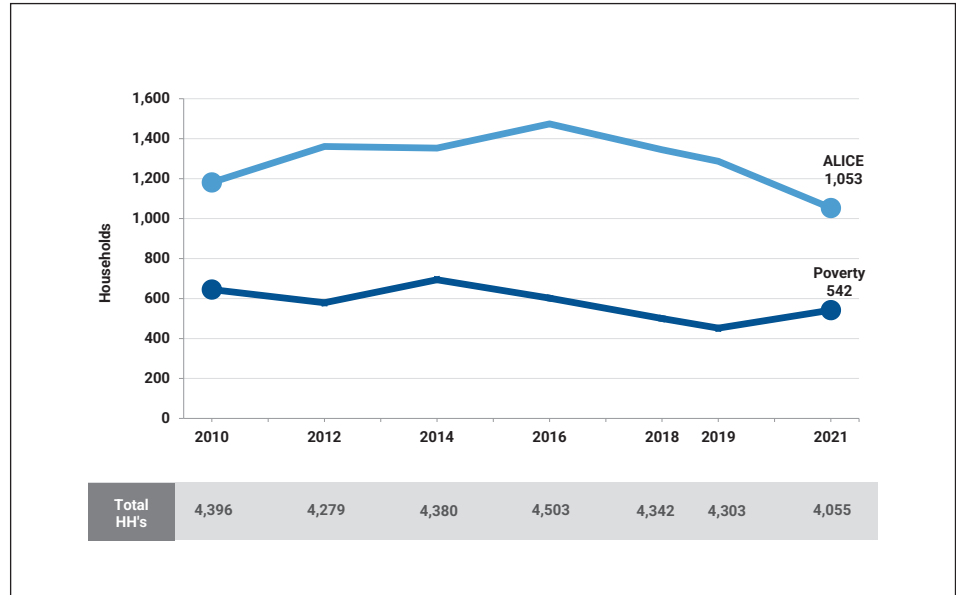

Population: 13,238 • **Number of Households:** 4,055 (-6% change from 2019)
Median Household Income: \$58,502 (state average: \$72,205)
Labor Force Participation Rate: 39.2% (state average: 64.5%)
ALICE Households: 26% (state average: 24%) • **Households in Poverty:** 13% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset Limited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 1,739 households in Johnson County were below the ALICE Threshold; in 2021 this number changed to 1,595, (a -8% change).

Households by Income, Johnson County, 2010–2021

Note: See an interactive version of this data at UnitedForALICE.org/Illinois

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Johnson County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

To see costs for different household compositions in Johnson County, visit UnitedForALICE.org/Household-Budgets/Illinois

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

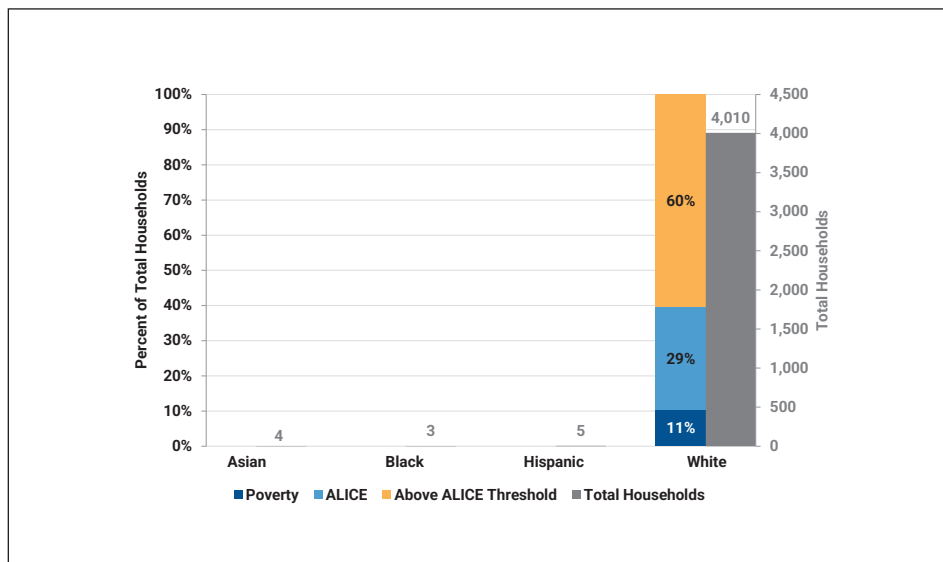

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

2021 Point-in-Time Data

Population: 108,965 • **Number of Households:** 44,972 (-1% change from 2019)
Median Household Income: \$64,673 (state average: \$72,205)
Labor Force Participation Rate: 61.5% (state average: 64.5%)
ALICE Households: 22% (state average: 24%) • **Households in Poverty:** 16% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 14,918 households in LaSalle County were below the ALICE Threshold; in 2021 this number changed to 17,148, (a 15% change).

Households by Income, LaSalle County, 2010–2021

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in LaSalle County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

To see costs for different household compositions in LaSalle County, visit UnitedForALICE.org/Household-Budgets/Illinois

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

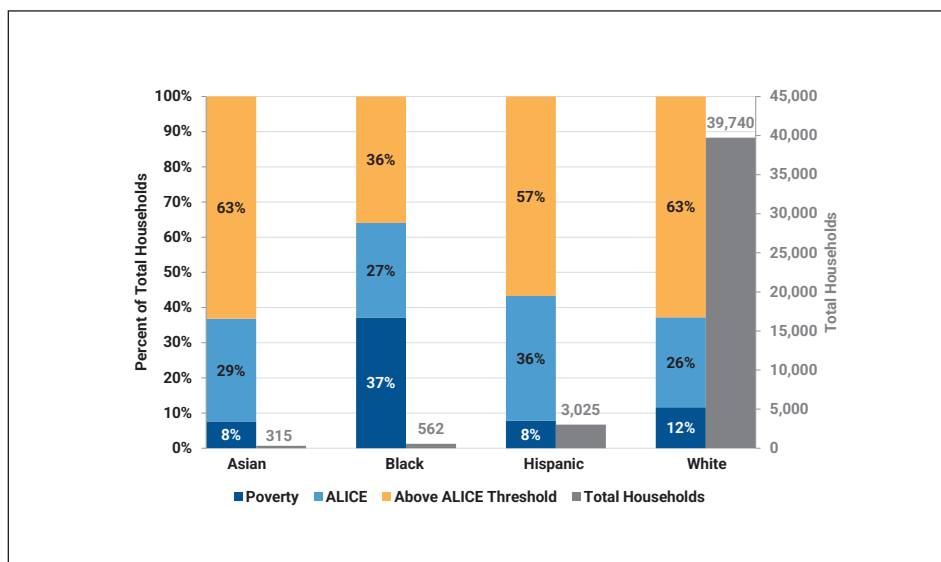

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

ALICE IN MCHENRY COUNTY

2021 Point-in-Time Data

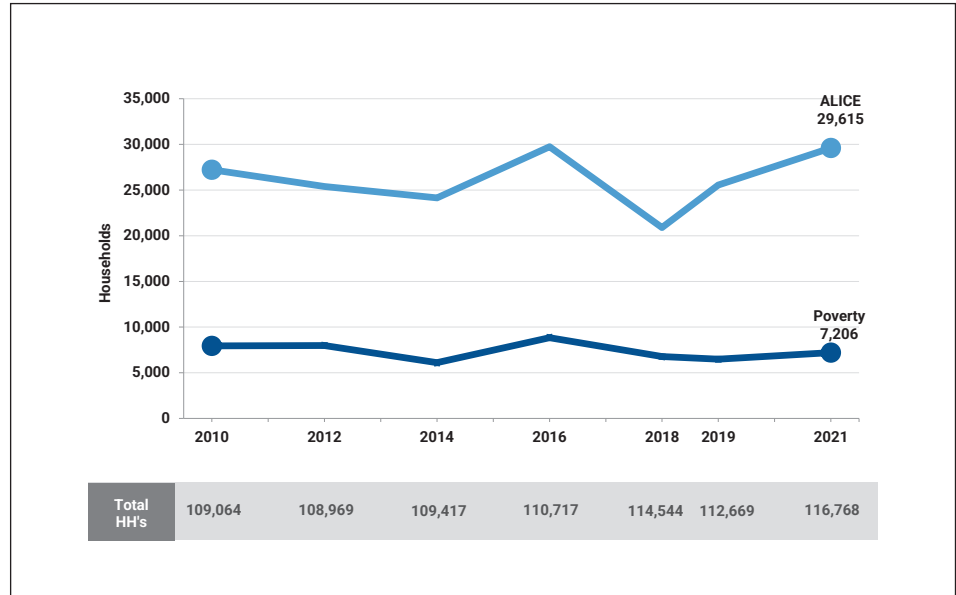

Population: 311,122 • **Number of Households:** 116,768 (4% change from 2019)
Median Household Income: \$91,887 (state average: \$72,205)
Labor Force Participation Rate: 70.1% (state average: 64.5%)
ALICE Households: 25% (state average: 24%) • **Households in Poverty:** 6% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset Limited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 32,044 households in McHenry County were below the ALICE Threshold; in 2021 this number changed to 36,821, (a 15% change).

Households by Income, McHenry County, 2010–2021

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in McHenry County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 6,511 households in Marion County were below the ALICE Threshold; in 2021 this number changed to 6,304, (a -3% change).

Households by Income, Marion County, 2010–2021

Note: See an interactive version of this data at UnitedForALICE.org/Illinois.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Marion County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

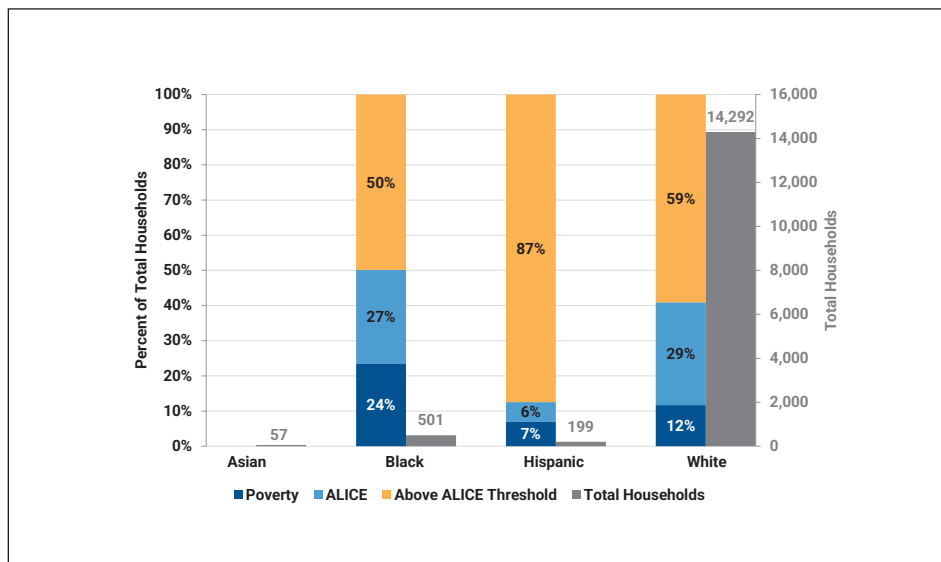

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 3,897 households in Monroe County were below the ALICE Threshold; in 2021 this number changed to 3,722, (a -4% change).

Households by Income, Monroe County, 2010–2021

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Monroe County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

ALICE IN PERRY COUNTY

2021 Point-in-Time Data

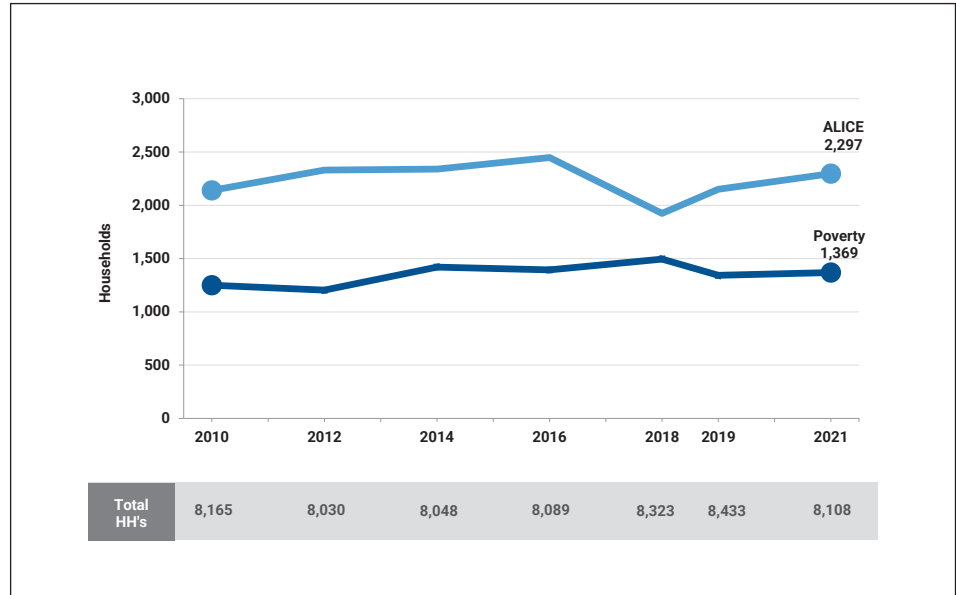

Population: 21,158 • **Number of Households:** 8,108 (-4% change from 2019)
Median Household Income: \$53,108 (state average: \$72,205)
Labor Force Participation Rate: 47.3% (state average: 64.5%)
ALICE Households: 28% (state average: 24%) • **Households in Poverty:** 17% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 3,493 households in Perry County were below the ALICE Threshold; in 2021 this number changed to 3,666, (a 5% change).

Households by Income, Perry County, 2010–2021

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Perry County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

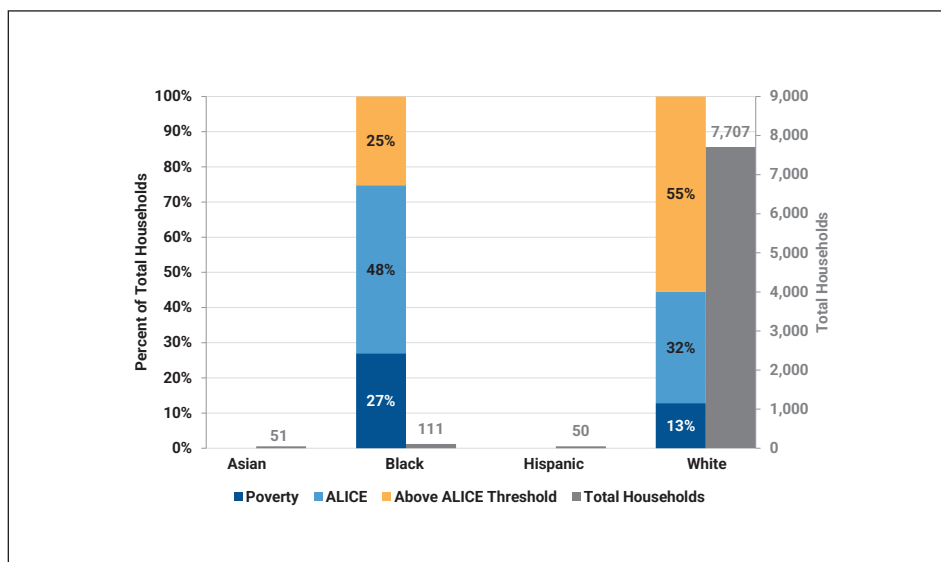

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

ALICE IN RANDOLPH COUNTY

2021 Point-in-Time Data

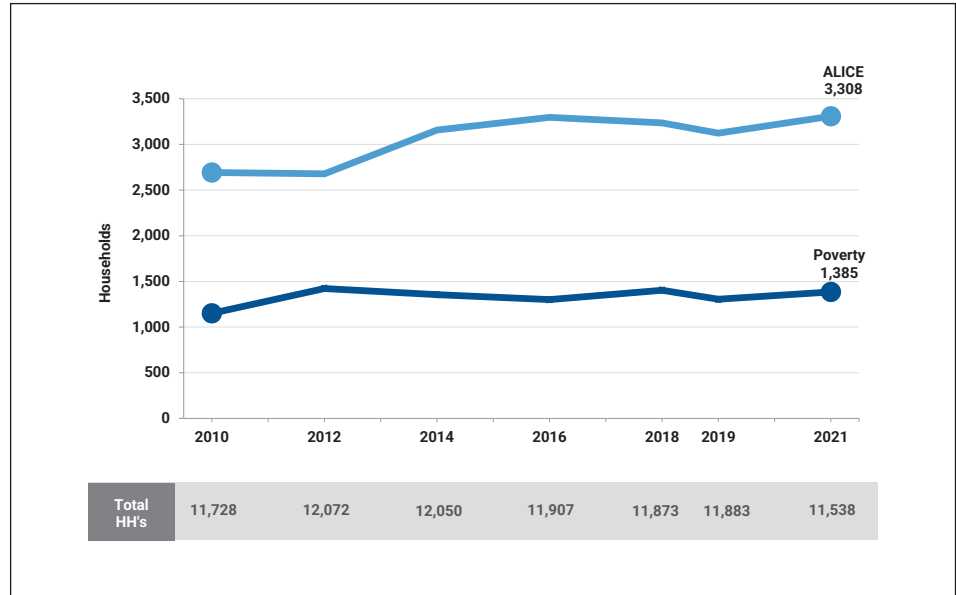

Population: 30,632 • **Number of Households:** 11,538 (-3% change from 2019)
Median Household Income: \$58,093 (state average: \$72,205)
Labor Force Participation Rate: 53.1% (state average: 64.5%)
ALICE Households: 29% (state average: 24%) • **Households in Poverty:** 12% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 4,428 households in Randolph County were below the ALICE Threshold; in 2021 this number changed to 4,693, (a 6% change).

Households by Income, Randolph County, 2010–2021

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Randolph County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

ALICE IN SCHUYLER COUNTY

2021 Point-in-Time Data

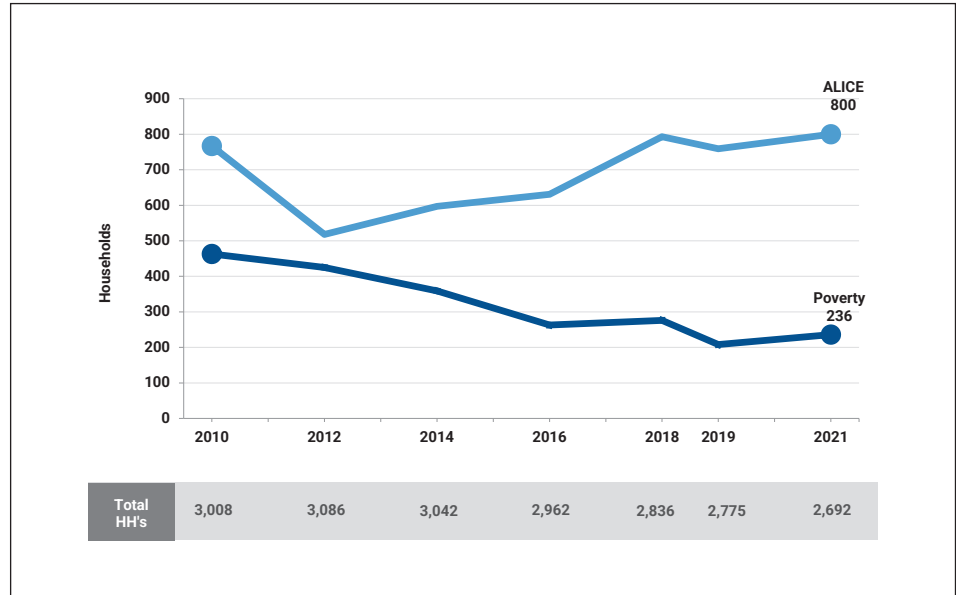

Population: 6,953 • **Number of Households:** 2,692 (-3% change from 2019)
Median Household Income: \$58,447 (state average: \$72,205)
Labor Force Participation Rate: 54.1% (state average: 64.5%)
ALICE Households: 30% (state average: 24%) • **Households in Poverty:** 9% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 967 households in Schuyler County were below the ALICE Threshold; in 2021 this number changed to 1,036, (a 7% change).

Households by Income, Schuyler County, 2010–2021

Note: See an interactive version of this data at UnitedForALICE.org/Illinois.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Schuyler County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

To see costs for different household compositions in Schuyler County, visit UnitedForALICE.org/Household-Budgets/Illinois

ALICE IN UNION COUNTY

2021 Point-in-Time Data

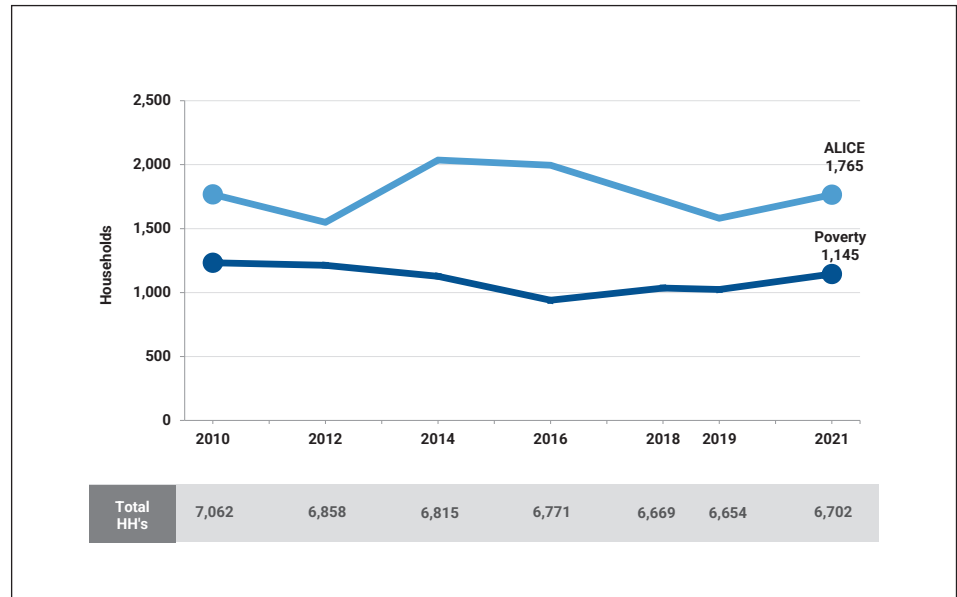

Population: 17,259 • **Number of Households:** 6,702 (1% change from 2019)
Median Household Income: \$53,363 (state average: \$72,205)
Labor Force Participation Rate: 52.5% (state average: 64.5%)
ALICE Households: 26% (state average: 24%) • **Households in Poverty:** 17% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset Limited, **I**ncome Constrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 2,605 households in Union County were below the ALICE Threshold; in 2021 this number changed to 2,910, (a 12% change).

Households by Income, Union County, 2010–2021

Note: See an interactive version of this data at UnitedForALICE.org/Illinois.
 Sources: ALICE Threshold, 2010–2021; American Community Survey, 2010–2021

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in Union County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

To see costs for different household compositions in Union County, visit UnitedForALICE.org/Household-Budgets/Illinois

ALICE IN WHITE COUNTY

2021 Point-in-Time Data

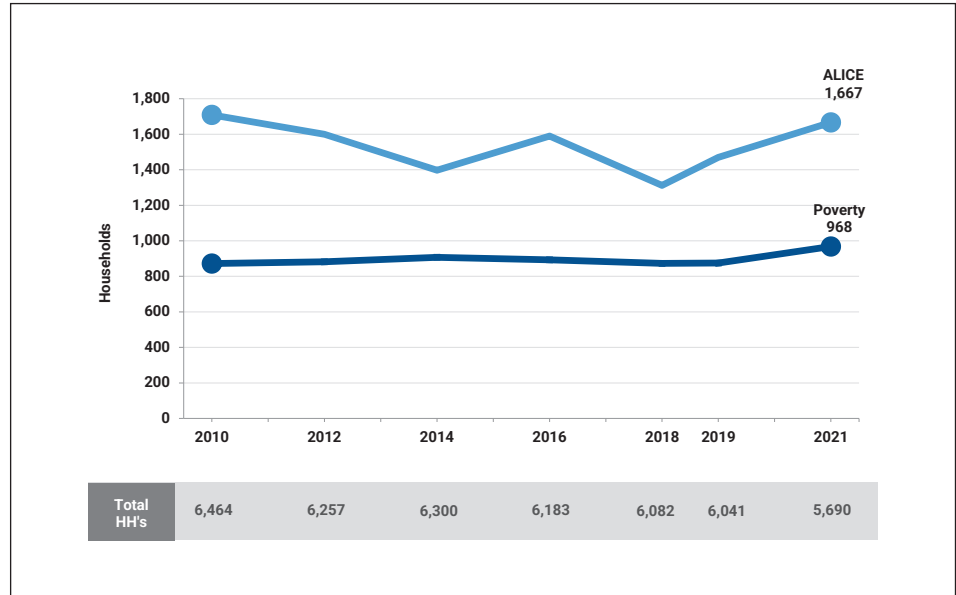

Population: 13,959 • **Number of Households:** 5,690 (-6% change from 2019)
Median Household Income: \$51,351 (state average: \$72,205)
Labor Force Participation Rate: 56.8% (state average: 64.5%)
ALICE Households: 29% (state average: 24%) • **Households in Poverty:** 17% (state average: 12%)

Financial Hardship Changes Over Time

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

As circumstances change, households may find themselves below or above the ALICE Threshold at different times. While the COVID-19 pandemic brought employment shifts, health struggles, and school/business closures in 2021, it also spurred unprecedented public assistance through pandemic relief measures. In 2019, 2,345 households in White County were below the ALICE Threshold; in 2021 this number changed to 2,635, (a 12% change).

Households by Income, White County, 2010–2021

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the modern economy and includes housing, child care, food, transportation, health care, a smartphone plan, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and varies by household composition, as costs can vary greatly depending on location and household needs.

In 2021, household costs in White County were well above the Federal Poverty Level of \$12,880 for a single adult and \$26,500 for a family of four.

To see costs for different household compositions in White County, visit UnitedForALICE.org/Household-Budgets/Illinois

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

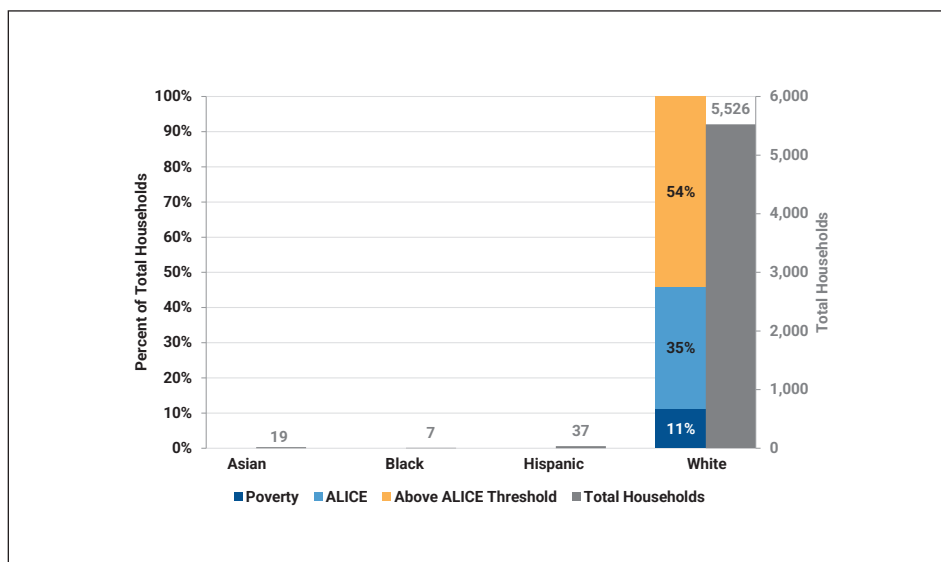

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

Financial Hardship is Not Evenly Distributed

Groups with the largest number of households below the ALICE Threshold tend to also be the largest demographic groups. However, when looking at the percentage of each group that is below the ALICE Threshold, some groups are more likely to be ALICE than others.

By addressing the disparities in financial hardship by county demographics, community members can move toward more equitable solutions.

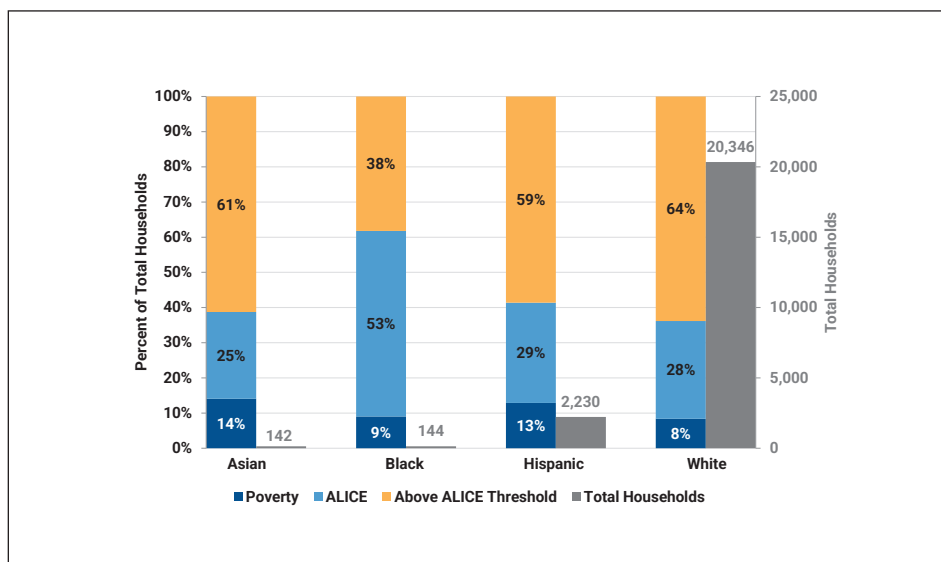

Visit UnitedForALICE.org/Illinois to view more national, state, and county data.

Household Financial Status by Household Type, Woodford County, 2021

Source: ALICE Threshold, 2021; American Community Survey, 2021

Household Financial Status by Race/Ethnicity, Woodford County, 2021

Note: All racial categories are for one race alone. Race and ethnicity are overlapping categories; the Asian and Black groups may include Hispanic households. The White group includes only White, non-Hispanic households. The Hispanic group may include households of any race.
